### Editorial

*Hello all,  
This is my first newsletter, so please bear with me while I come to grips with it.  
I would appreciate members providing (by email to [magazine.bnchc@gmail.com](mailto:magazine.bnchc@gmail.com)) a brief history and a picture of their car so that one car can be featured in each month's magazine.*

*Cheers*

## President's Report

Hi Everyone,

Well my first report in the top Job

I would to start with a thank you to the outgoing committee members, I would personally like to thank you all for your outstanding contribution over many years. I would also like to thank the members for the opportunity to take on the role of President, big shoes to fill. As you can understand we need some time to get the routine in place, so things may be a little disorganised, just need to get our feet under the table. Lucy is off to a flyer, getting the information out to your all, Thanks Lucy for getting things rolling.

If you are feeling keen for an early start, the HK HT HG Club have a breakfast at Joe's Dinner on Sunday 15<sup>th</sup> of October, 6am until 9am. We can cover this at the next meeting to gauge the interest.

Lucy sent out some information from the QHMC re Log books – this will be on the agenda for the next meeting for discussion, so cast your eye over the report and have your say.

Well nice and short

See you at the next meeting

Regards  
Colin

**This issue will be discussed at the meeting.**

## **QUEENSLAND HISTORIC MOTORING COUNCIL INC.**

*1st October 2023*  
To Affiliated Clubs

The QHMC Committee has received a letter from a Member Club asking us to canvass opinions from the other Member Clubs on the issue of going to a "log book system" for our vehicles from our current very flexible "SIVs scheme".

QHMC has been monitoring the other states schemes and restrictions, additionally the ongoing investigations in two of those States on the misuse of those schemes.

Please note that QHMC has approached TMR in the past on this subject and they are not in favour of a "Log Book scheme". HOWEVER if they did introduce "log books" it would be more costly to administer which they will gladly pass on to the Clubs.

NOTE on the "log book" scheme your car is unregistered until you fill out the log book even for a very small journey. Also to travel interstate you need a permit as technically your vehicle is unregistered. Your feedback on this matter is required prior to the QHMC October Meeting on the 26th October 2023

Regards

Carle Gregory

QHMC President Queensland

## Minutes of AGM

BRISBANE NORTHSIDE CLASSIC HOLDEN CLUB INC.

### POKER RUN

Our Poker Run attracted 17 people and 10 cars, great to see, made the day a success.

We met at Buchanan Park Burpengary finishing in Woodford for lunch. Information Sheets with directions were handed out together with a car names quiz.

We had to scrap our route directions because of a major traffic jam on the M1. After a discussion at the morning tea break another route was decided on.

A driving skills test was conducted in the Burpengary High School car park. Several paper cups were flattened in the event, however 5 drivers managed to successfully negotiate the course without too much difficulty. Our ace driver Andrew Dunne in his red FJ was the first to successfully complete the course and after some consideration it was decided he won the prize.

There were 5 stops along the way where a card in a sealed envelope was handed out not to be opened till the final destination. Tim Leon won the prize for the best Poker Hand, 3 Queens and he also had 11 cars with birds in their names and won that prize as well, but being a kind hearted soul generously gave the prize to Steve Robertson who had 8 car names.

We arrived at our destination, Woodford, just as the Markets were closing but I had the feeling everyone enjoyed the day out.

A big thank you to everyone who attended to make the day an enjoyable one.

Wilf

## Trivia

- The 1969 Bathurst Hardie- Ferodo 500 was won by a HT Monaro GTS 350.
- The 5.0 Litre V8 VN Commodore had the most powerful mass-produced engine in Australia at the time.
- The Torana was based on the English Vauxhall Viva

Bathurst, 30 September 1979.

In one of the Holden Dealer Team's greatest Bathurst 1000 victories, Peter Brock and Jim Richards claimed a 6-lap win in their Holden Torana A9X and set a new lap record on the very last lap!
